

Farum June 2006

RoHS – Declaration

We are delighted to announce that our products as of 1 July 2006 will comply with the EU Directive “Restriction of the use of certain Hazardous Substances” (RoHS, 2002/95/EC).

The directive limits the use of

- Cadmium
- Hexavalent chromium
- Mercury
- Polybrominated biphenyl (PBB)
- Polybrominated diphenyl ether (PBDE)

Our products are manufactured with production processes that add or contain none or less than the allowed maximum concentration of the above mentioned substances.

This declaration does not include spare parts for products delivered before 1 July 2006.

Best regard
