

# throat microphone /speaker unit

The SAVOX® TC/TM is a comfortable throat microphone/speaker combination for communication in high-noise environments and in other extreme conditions. The throat microphone, softly secured by a flexible and washable neck band is sensitive and needs only light pressure on the throat which makes the SAVOX® TC/TM comfortable to wear. The throat microphone is even sensitive to whispering. The effective speaker that hooks on the ear ensures clear reception even in areas of high ambient noise levels.

The SAVOX® TC/TM is the ideal com-solution for special task applications, chemical rescue (Haz-Mat), helicopter rescue and other noisy environments.

The SAVOX® TC/TM connects to most SAVOX® com-control/ PTT units adapting to most types of two-way radios. The SAVOX® TC is ATEX Approved.

# throat microphone /speaker unit

## Specifications

Weight	90 g
Microphone	vibration sensitive, impedance 3500/300 ohm @1 kHz Noise cancellation 30 dB
Speaker impedance	TC/800 ohm, TM/35 ohm
Speaker/mic cable	Ø2,5 mm, 290 mm / 195 mm (PVC/PUR)
Cable:	coiled: Ø 4mm / 380mm, PUR
Connector	4-pole quick release plug
Operation temperature	-25...+63 °C (continuous)
Supply voltage	3,0...10,0VDC
ESD,EMI immunity	confirms with the EN 301 489-1
Compatibility	most SAVOX® com-control/push to talk units
Options	SAVOX® TC coiled cable/ATEX Approved SAVOX® TM coiled cable
